Island Pools and Spas Loving Life in the Deep End

Close your eyes and imagine slipping into the most luxurious pool of your dreams. Warm. Cold. Babbling. Still. The choice is yours. Are you looking for a pool that's

unique and designed to your specifications? *Island Pools & Spas* specializes in custom swimming pools. In addition to design, the

company provides construction and servicing throughout the Vineyard and beyond. In fact, they are the Island's only pool company with a 24 hour/365 day a

Spas is able to ensure outstanding care to all of their customers. Depending on your needs, they'll create pools that are ordinary or extraordinary. Whatever your choice, *Island Pools & Spas* ensures lasting quality and care of your pool or spa. They also provide restoration and refinishing services.

"We have been building pools on Martha's Vineyard for over 30 years and being Island owned and operated, we can provide the client with constant attention," added Rosbeck. "From permitting and design to construction and servicing, we are always available. Everyone in the company truly takes great pride in providing a premier service."

On-Island owned and operated makes a difference. Because *Island Pools & Spas* has installed so many quality pools throughout the Island, they are familiar with all regulations of local, state and federal codes and guidelines. The company has worked with virtually every Island regulatory board and commission as well as many local architects, landscape architects and builders.

Island Pools & Spas is the recipient of first place awards for design in the 2009 Association of Pool & Professionals (APSP) regional competition. Their customers also offer testimony to their satisfaction with the company's offerings. Visit their website at www.islandpools-andspas.com to see that there's no need to leave the Vineyard to get the most outstanding pool and spa services for your property. And, as a Martha's Vineyard-based business, *Island Pools & Spas* considers historic architectural proportions and completes every project from concept down to the very last detail.

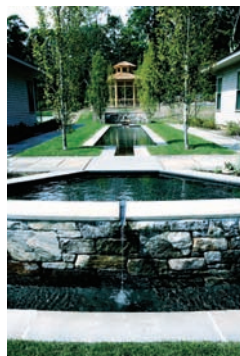

The company is committed to transforming properties into

year service department.

Non-custom pools are available as well. The company also offers the complete line of *Master Spas* hot tubs.

There is nothing typical about an Island Pool & Spa. "Each job and site is very different and, as with the construction of a custom home, size, shape, design and material selections can significantly affect the final price," said owner Ted Rosbeck. "Here on Martha's Vineyard, we have built pools costing anywhere from \$50,000 to \$350,000."
